Dear Project Reviewer,

On behalf of Weiss Farm Apartments LLC, AECOM has submitted to the Secretary of Energy and Environmental Affairs (Secretary) the enclosed Alternatives Discussion as a supplement to the Environmental Notification Form (ENF) submittal in accordance with 301 CMR 11.00 for The Commons at Weiss Farm.

Notice of the ENF will be published in the Environmental Monitor on November 23, 2015 and the Secretary will receive public comments on the project until December 14. The public notice will be published in the November 18, 2015 issue of The Stoneham Independent.

Yours sincerely,

Dennis J. Lowry

**Subject: Alternatives Discussion
The Commons at Weiss Farm
Stoneham, Massachusetts**

Dear Secretary Beaton,

In their preliminary review of the recently-filed Environmental Notification Form (ENF) for The Commons at Weiss Farm, the Massachusetts Environmental Policy Act (MEPA) Office has asked for additional information concerning alternatives to the proposed Project. As indicated briefly in the ENF, the developer recognizes the need for affordable housing in suburban towns in the Commonwealth, and the town of Stoneham has not met the state's minimum threshold for affordable housing. The proposed development qualifies as assisted "low or moderate income housing" within the meaning of Massachusetts General Laws Chapter 40B, Section 20 and will provide approximately 66 units (25 percent of the total units) that will serve households earning at or below 80 percent of area median income and thus will meet the definition of low and moderate income under the statute. Accordingly, a primary objective of the Project is to contribute to meeting that need for affordable housing in Stoneham. Meeting this purpose and need is therefore a vital consideration that forms the foundation of the alternatives evaluation. Further, while current zoning of the Project site would allow for single family residences, the developer's experience mainly consists of multifamily developments, which is the only viable form of development that could substantially contribute to meeting the affordable housing objectives.

More specifically, the following paragraphs provide an assessment of three alternatives to the proposed Project:

No-Build Alternative – For the Weiss Farm site, the no-build alternative would involve the sale of the property to a qualified buyer other than the Proponent, since the current owners have decided to sell the land. In this case, uses cannot be known, but almost certainly would result in some use being made of the property. Thus, the No-Build alternative could have substantial negative environmental effects. It is not likely that a true No-Build, leaving the property as is, would come to be. No estimates of environmental effect can be made for the No-Build Alternative, since the use of and program for the site cannot be determined.

On-Site Single-Family Alternative –The Proponent has studied and prepared a Preliminary Subdivision Plan (See Figure 1) to determine the number of single-family dwelling units that could be constructed on the developable portion of the site. This area is essentially identical to the area occupied by The Commons at Weiss Farm, but only 25 single-family homes (none affordable) could be built.

Off-Site Single-Family Alternative – For comparative purposes, an alternative providing the same number of residences (approximately 265) as The Commons is envisioned. Such an alternative would be located on one or more sites in Stoneham, and it is assumed that this site or these sites would be subdivided approximately as is the On-Site Single Family Alternative. This assumption allows the estimation of Total Site Acreage and other relevant metrics presented in the Summary of Project Size & Environmental Impacts in the Environmental Notification Form for The Commons.

Comparison of Environmental Effects – Table 1 shows the relevant project measures and measures of environmental effect associated with The Commons at Weiss Farm, the On-Site Single Family Alternative, and the comparative Off-Site Single Family Alternative. The footnotes to Table 1 provide information on the design assumptions and estimating techniques that were used to develop the Comparison.

Table 1 – Alternatives Comparison

Summary of Project Size & Environmental Impact	The Commons at Weiss Farm	On-Site Single Family Alternative	Off-Site Single Family Alternative
LAND			
Total Site Acreage	25.9	25.9	106 ¹
New Acres of Land Altered	10.2	10.2	84.8 ²
Acres of Impervious Surface	5.9	3.7	42.4 ³
STRUCTURES			
Gross Square Footage	323,919	75,000 ⁴	795,000 ⁴
Number of Housing Units	265	25	265
Maximum Height (Feet)	±66 feet	±30 feet	±30 feet
TRANSPORTATION			
Vehicle Trips Per Day	1,774	290 ⁵	2,550 ⁵
Parking Spaces	438	75 ⁶	795 ⁶
WASTEWATER			
Water Use (Gallons Per Day)	51,154	12,100 ⁷	128,260 ⁷
Wastewater Generation (GPD)	46,504	11,000 ⁸	116,600 ⁸

1. Estimated at 0.4 acres per dwelling unit, including lot and roadways.
2. Estimated at 80% of total area.
3. Estimated at 40% of total area.
4. Estimated at 3,000 square feet per single-family home.
5. ITE Land Use Code 210 (Single-Family Detached Housing).
6. Estimated at 3 parking spaces per single-family home.
7. Estimated at 110% of wastewater generation.
8. Estimated by Title 5 (110 gpd/bedroom) and 4 bedrooms per single-family home.

As can be seen on Table 1, the On-Site Single Family Alternative occupies and alters the same amount of land as does The Commons. The On-Site Single Family Alternative creates some-

what less impervious surface (3.7 acres vs. 5.9 acres) and does have smaller gross square footage, vehicle trips, parking spaces, water use, and sewage generation. These effects, however, represent only 25 dwelling units, none of which would be affordable. The Commons, on the other hand, will provide approximately 265 dwelling units (approximately 66 affordable), with far less negative effect per dwelling unit.

To make an "apples to apples" comparison of effects, the Off-Site Single Family Alternative was developed and analyzed to show the effects of "green field" development of 265 dwelling units. As can be seen in the final column of Table 1, such an Alternative, were it feasible, would require a site or sites more than 4 times the size of the site for The Commons, would alter over 8 times the amount of land, and would create over 7 times the amount of impervious surface. Total traffic would be increased, as would water use and sewage generation, and such an alternative would not create any affordable housing. It is for this reason that the Metropolitan Area Planning Council and other regional planning agencies favor the redevelopment of already disturbed sites with significant density. In this fashion, open land is preserved and housing is provided with less negative environmental effect than single-family, sprawl development.

Most importantly, as described above, the primary purpose of The Commons is to provide diversity and affordability of housing within Stoneham. Neither the On-Site nor the Off-Site Single-Family Alternative meets this aim. Each provides only relatively expensive single-family homes that are beyond the reach of many who wish to live in Stoneham.

For these reasons, the proposed Project is the only viable alternative for Weiss Farm Apartments LLC and the John M. Corcoran & Co. LLC. It provides much-needed affordable housing, occupies an already-disturbed part of the site, is of only slightly more negative effect than development of the site for single-family residences, and has significantly smaller negative effects than would the creation of 265 single family homes on a site or sites elsewhere in Stoneham.

This letter is copied to all who received the ENF. We would be happy to answer any questions that you or the MEPA staff may have on alternatives. If you have any questions regarding this Alternatives Discussion or the ENF, please do not hesitate to contact Mr. Peter Mahoney at (781) 849-7111 or pmahoney@corcoranmgmt.com.

Yours sincerely,

Dennis J. Lowry

TOWN ADMINISTRATOR

MEMO

DATE: November 24, 2015
TO: Tom Boussy, Chairman, Board of Selectmen
FROM: David Ragucci, Town Administrator 
SUBJECT: Arena part-time Zamboni Driver – no benefits

Please be advised that the Town would like to appoint Kurt E. Sandmann, Burlington, MA, as a permanent part-time Zamboni driver at \$15.00 per hour at the Stoneham Arena. Kurt has four years of experience as a Zamboni driver. He has passed his CORI and physical examination. He will be scheduled to work the weekend shift, not to exceed 18 hours.

As you may know, the Arena has been short-staffed due to the resignation of two part-time employees and the injury of another. On Thursday, November 21st, we were notified by AllOne Health, that Kurt passed his physical. Lou was in need of immediate coverage for the weekend shift and asked Ginny Ray if we could use Kurt for Sunday, November 22, 2015, coverage. Ginny authorized the temporary hiring until Board approval was received for a permanent appointment.

I apologize for the late notification. If there is no objection, I would like to appoint Kurt as a permanent part-time Zamboni Driver as of the 22nd.

Thank you for your consideration. Please contact me with any questions or concerns.

RE: Important Information—Price Changes

Dear Chairman and Members of the Board:

We are committed to constantly improving our customers' entertainment and communications experience in your community, and we continue to invest in making their services even better.

Our investment in the X1 user interface has been extremely popular and is helping customers find and enjoy the vast array of content they receive. We continue to bring customers innovative improvements like the X1 voice controlled remote control, the X1 talking guide, X1 Cloud DVR services, and the X1 Sports App. As we make these and other investments, we periodically need to adjust prices due to increases we incur in programming and other business costs. Starting December 20, 2015, new prices will apply to select XFINITY TV and Internet services and equipment as reflected in the enclosed notice.

We are committed to providing our customers with a consistently superior experience, including 24/7 customer service and on-time arrival—or we'll credit the customer \$20. We back up our services with the Comcast Customer Guarantee (visit www.comcast.com/guarantee for details).

We know you may have questions about these changes. If I can be of any further assistance, please contact me at (978) 927-5700 x43024.

Sincerely,

Jane M. Lyman

Description of alleged violation:

Describe the alleged violation that this complaint is about. If you believe the alleged violation was intentional, please say so and include the reasons supporting your belief.

Note: This text field has a maximum of 3000 characters.

On November 9, 2015, I submitted a written request for the Board to make public the minutes of the open meetings held on September 28, 2015 and October 6, 2015 (copy attached). I requested that the minutes be made public within ten days of my request. To date, the minutes have not been made public. During this time, the Board has had "approve minutes" listed on agendas of open meetings on two occasions (Nov. 10 and Nov. 17). The minutes from the meetings specified in my request were not included, nor were they brought up for discussion. In addition, a copy of my November 9 letter was included in the Selectmen's materials for the meeting held on November 17, as part of the "miscellaneous correspondence", but it was not discussed. The meetings of September 28 and October 6 were held at locations and times that were outside the norm. The Selectmen's meetings are customarily televised, but these two were not. Due to those circumstances, I believe that having the minutes made public is of particular importance. If the minutes had not been made public due to an oversight, there has now been ample time and opportunity to correct it, but no action has been taken by the Board. It is for this reason that I believe that the Board has intentionally violated the Open Meeting Law.

What action do you want the public body to take in response to your complaint?

Note: This text field has a maximum of 500 characters.

I am requesting that the minutes in question be released immediately, and that the members of the Board of Selectmen strive to operate within the law in the future.

Review, sign, and submit your complaint

I. Disclosure of Your Complaint.

Public Record. Under most circumstances, your complaint, and any documents submitted with your complaint, will be considered a public record and available to any member of the public upon request. In response to such a request, the AGO generally will not disclose your contact information.

II. Consulting With a Private Attorney.

The AGO cannot give you legal advice and is not able to be your private attorney, but represents the public interest. If you have any questions concerning your individual legal rights or responsibilities you should contact a private attorney.

III. Submit Your Complaint to the Public Body.

The complaint must be filed first with the public body. If you have any questions, please contact the Division of Open Government by calling (617) 963-2540 or by email to openmeeting@state.ma.us.

MEMORANDUM

TO: Stoneham Retirement Board
FROM: *Joseph E. Connarton*
Joseph E. Connarton, Executive Director
RE: Appropriation for Fiscal Year 2017
DATE: November 17, 2015

Required Fiscal Year 2017 Appropriation: **\$5,690,889**

This Commission is hereby furnishing you with the amount to be appropriated for your retirement system for Fiscal Year 2017 which commences July 1, 2016.

Attached please find summary information based on the present funding schedule for your system and the portion of the Fiscal Year 2017 appropriation to be paid by each of the governmental units within your system.

If your System has a valuation currently in progress, you may submit a revised funding schedule to PERAC upon its completion. The current schedule is/was due to be updated by Fiscal Year 2017.

If you have any questions, please contact PERAC's Actuary, Jim Lamenzo, at (617) 666-4446 Extension 921.

The Total Appropriation column shown above is in accordance with your current funding schedule and the scheduled payment date(s) in that schedule. Whenever payments are made after the scheduled date(s), the total appropriation should be revised to reflect interest at the rate assumed in the most recent actuarial valuation. Payments should be made before the end of the fiscal year.

For illustration, we have shown the amount to be transferred from the Pension Reserve Fund to the Pension Fund to meet the estimated Cost of Benefits for each year. If there are sufficient assets in the Pension Fund to meet the Cost of Benefits, this transfer is optional.

Subject: Sidewalk Program

Please be advised that the sidewalk program as out-lined in my memorandum dated September 16, 2015 has been completed.

- DeWitt Road – 76. Trip hazards of raised concrete blocks were shaved down. This process is very effective, saves money, and will be incorporated into future sidewalk programs.
- Washington Street – Calthea Street to Pomeworth Street. Bituminous sidewalk (portion) was saw-cut, granite curbing and wheelchair ramps installed and grass strip added.
- Elm Street – South side – William Street to Walgreens. New concrete sidewalks and granite curbing installed.
- William Street – North Side – Elm Street to Main Street. Replaced broken concrete sidewalk, installed new granite curbing, and wheelchair ramps.
- Albion Avenue – New bituminous sidewalks (several locations) by D.P.W. forces.
- Felspa Road – Replaced numerous broken concrete blocks
- Waverly Street – Replaced numerous broken concrete blocks
- Avalon Road – Replaced hazardous bituminous sidewalks and installed wheelchair ramps.

D.P.W. forces followed behind the contractor and repaired driveways, sidewalks, lawn areas, etc. affected by the installations.

If the selectmen wish to continue the program (i.e Stevens Street) I would recommend a minimum of \$125,000 be appropriated. The bids that were received exceeded \$100,00 and there will be a premium for specifying the work to be completed during the summer months.

RE: Albion Avenue, Stoneham, MA

Dear Attorney Solomon:

This letter is a follow up to your email of October 26, 2015 to update you on the progress made by my client, Stoneham Motor Co., Inc. d/b/a Stoneham Ford.

- 1) My client has done an initial cleaning of the buffer area between the two fences put up by the Stoneham Ford, including grass clippings and other landscaping debris and other general debris, including an awning, which were not placed in that area by my client.
- 2) The fence has been maintained and replaced as necessary. See attached bill from Cleveland Fence dated May 8, 2015.
- 3) Attached is a letter and invoice from Arbor Tree Service dated May 20, 2015 that explains what has been done regarding the trees.
- 4) Benchmark Survey was retained along with Thad Berry, P.E. to review the drainage. As a result of the drainage review it was suggested that my client install a berm at the edge of the parking lot pavement to direct runoff into the drainage system. This was done in September. See attached bill for this work.

If you have any questions, please give me a call. Thank you.

Sincerely,

Charles F. Houghton

Scope of Work: Site Visit, Field Review, Assessment and Findings

On Wednesday, May 20th, 2015 at approximately 2:00pm I arrived at the Rear fenced in lot behind the Stoneham Ford Service Center Facility. I was greeted by Mr. John Melkonian, a representative of Stoneham Motor Co. who walked the site with me.

My findings are as follows:

The area in question was thickly concentrated with an array of assorted sized and varieties of specie. All plant life was definitely thriving. All deciduous tree Where either fully Leafed out of had begun to break buds and started to flush open depending on specie, size and DBH (Diameter at Breast Height). There was little to minimal evidence of deadwood , decline or abnormal leaf and fruit development, nor was there any signs of Raised root balls, Girdling or root disease or decomposing or rooting of surface roots on all trees within the Area in question.

All the Conifers, including Eastern White Pines, Norway Spruces and Canadian Hemlocks were all showing a normal vibrancy of color , characteristic of Cone Bearing Specie. There was little to no evidence of Bark Sloughing, Borer Infestation or Woolly Adelgid . All trees

appear to be firmly rooted , stable and showing no Evidence of Core Decay.

4

All the earth, soil and compost was not showing any sign of saturation, puddling or excessive water run-off from the adjacent paved lot indicating proper leaching , drainage and soil absorption . Furthermore , I did discover a drainage catch basin which was installed years ago to Lessen or eliminate a water run-off problem for any abutting properties.

In early June I was accompanied by Mr James Previty, the veteran Arborist Director of Parks and Recreation for the Town of Stoneham who after his site visit has Concurred with my findings.

I myself am a School trained Arborist studying at Essex Agricultural College from 1977-1979 and have been practicing Arib-Culture in the field since 1977.

I appreciate the opportunity to be considered in assisting you with the Assessment of your project.
