- 4.1.7.1. Purpose: By vote at the State election on November 8, 2016 (Ballot Question 4), the voters of the Commonwealth approved a law to control the production and distribution of marijuana under a system that licenses, regulates and taxes the businesses involved in a manner similar to alcohol and to make marijuana legal for adults 21 years of age or older. Its intent is to remove the production and distribution of marijuana from the illicit market and to prevent the sale of marijuana to persons under 21 years of age by providing for a regulated and taxed distribution system. This moratorium will allow the Town sufficient time to engage in a planning process to consider and address the effects of such uses and structures in the Town, and to enact zoning bylaw provisions regarding the distribution of marijuana not medically prescribed in a manner consistent with sound planning and land use objectives, as well as applicable law and regulations. (5-1-17, Art.24)

Definition of Distribution of Marijuana Not Medically Prescribed: Distribution of marijuana not medically prescribed shall mean “an entity licensed to purchase and deliver marijuana and marijuana products from marijuana establishments and to deliver, sell or otherwise transfer marijuana and marijuana products to marijuana establishments and to consumers”, as defined by Massachusetts law only (as referenced in Ballot Question 4) and regulated by the Commonwealth of Massachusetts to “compound, blend, extract, infuse or otherwise make or prepare a marijuana product.” (5-1-17, Art.24)
- 4.1.7.3. Moratorium: For the reasons set forth in the purpose Section above, and notwithstanding any other provision of the Zoning Bylaw to the contrary, the Town hereby adopts a moratorium on the use of any land or structures for the distribution of marijuana not medically prescribed in all zoning districts in the Town. The moratorium shall be in effect until such time that the Town Meeting enacts a Zoning Bylaw specifically addressing a Distribution Use(s) of Marijuana Not Medically Prescribed in Stoneham or through *December 31, 2018*, whichever date is sooner. During the moratorium period, the Town shall undertake a planning process to address the potential impacts of the distribution of marijuana not medically prescribed and related uses in the Town, consider the State regulations regarding its distribution and related uses, and enact new Zoning

Bylaws to address these issues, including the use of any land or structures therefore. (5-1-17, Art.24)
