emmalawson@visitingdentalhygiene.com

1. facility requirement
2. by appointment
3. insurance, masshealth, what if no insurance?
4. hours: how many can you treat in one day
5. your insurance
6. recommendations

Public health program

Emma is a licensed personal and public health dental hygienist. Goes to group homes, etc., to provide service, one or more hygienists.

Will take someone with no insurance, but solicits those with Masshealth coverage.

Prefers signups, applications ahead, so can review medical history.

Facility need, room with space for two working stations, near access to sink for washing, but doesn't have to have it in same room.

She will send more info by email.
