SUGGESTED HEADLINE:

Stoneham High School Feasibility Study Community Forum 02 September 23rd

Hosted by the Stoneham School Building Committee

Stoneham, MA – Join members of the Stoneham School Building Committee (SSBC) for the second in a series of Community Forums to learn about the exciting and long-anticipated Stoneham High School project and to share your thoughts on a new or renovated building. The virtual forum is planned for Wednesday, September 23, 2020 at 6:30 p.m.

Learn what the SSBC has accomplished up to this point in time, why the time to build or renovate Stoneham's current high school building is NOW and how our community can accomplish the educational vision of Stoneham's future students.

The virtual forum will include a review of the current proposed design options – renovation, renovation and addition, or new construction, an evaluation of preliminary cost models for each option, and an understanding of why the MSBA partnership is so important to Stoneham during this process.

The SSBC also hopes to hear residents' thoughts - what you like, what you wish for, what you wonder about, what you see as the advantages or disadvantages in the options presented and which options you believe best meet Stoneham's educational and community needs.

The forum will be held virtually using GoToMeeting and can be accessed via computer, tablet or phone on the following link: <https://global.gotomeeting.com/join/789326717>

You may also dial in via phone at: [+1 \(646\) 749-3122](tel:+16467493122) Access Code 789-326-717

Those wishing, can also follow the meeting on Facebook Live:
