Stoneham, MA - You are invited to join the Stoneham School Building Committee (SSBC) and Stoneham Chamber of Commerce for the Thursday, July 22<sup>nd</sup> Seabeeze Concert on Stoneham Town Common from 7 to 9 PM.

As the SSBC moves into the next phase of the Feasibility Study approved by the MSBA last year, we are also moving back to in person meetings at Stoneham Central Middle School and preparing to share – in person – with our community what we've been working for over the past sixteen months.

“Our Committee has been working for more than two years – a good portion of that remotely – talking, thinking and envisioning the best possible building to educate future students through the 21<sup>st</sup> century,” explained SSBC Co-Chair David Bois. “Although the meetings have been virtually presented to the community and some individuals have joined us, we have had only limited in-person contact with the folks who will be making the final decision on this project. We are ready and excited to show our community what we are proposing and why a new building is so important to the future accreditation of our high school and to the education of our students through the 21<sup>st</sup> century.”

Bring a comfortable chair, some snacks and friends to enjoy the concert, and bring your questions, your concerns and especially your suggestions to share with the Committee. The Committee will have printed information, computer visualizations and display boards and members will be available throughout the evening to chat with you.

Regular SSBC Meetings are held twice a month on Monday evenings beginning at 7:00 p.m. and are now in-person meetings at Stoneham Central Middle School. The School Building Committee meetings are open to all and the Committee welcomes and encourages your attendance and input. Details for attending meetings can be found at <https://www.stoneham-ma.gov/hsbc> .

For specific information regarding the SHS tours call 781-279-3810, and press zero when prompted Monday through Thursday from 8 am to 3 pm.
