Stoneham, MA - The Stoneham School Building Committee (SSBC) is hosting two Drop In Nights at Stoneham Town Hall, 35 Central Street, on Wednesday, August 18 from 4 - 6 PM and on Tuesday, September 28 from 6:30 to 8:00 pm.

Representatives from the SSBC will be present to share the proposed project, hear your suggestions and answer your questions.

Their presentation will include display boards of various areas of the proposed Stoneham High School building and grounds and the opportunity to speak with your appointed Committee members who will be making their recommendation for a new Stoneham High School to voters for your consideration at the October 4 Town meeting to approve the expenditure and the November 2 ballot to approve a debt exclusion.

“It is important that Stoneham residents understand how hard the SSBC has worked over the last two years to envision an educational building that Stoneham students deserve and also a community-friendly campus which all residents will use and enjoy,” says Town Administrator Dennis Sheehan. “The members are committed to proposing a project that will meet educational needs, extracurricular needs and community needs for the 21<sup>st</sup> century and beyond.”

Regular SSBC Meetings are held twice a month on Monday evenings beginning at 7:00 p.m. and are now in-person meetings at Stoneham Central Middle School. The School Building Committee meetings are open to all and the Committee welcomes and encourages your attendance and input. Details for attending meetings can be found at <https://www.stoneham-ma.gov/hsbc>.
